

TEMPLATE:
■ PIONEER 15" LAPTOP SLEEVE STRAP

Two separate Supacolour transfers will be used if branding full length of 840mm wide

For best results, we recommend:

- Spacing out artwork, similar to how branding is applied on lanyards.
- Logos or elements should be repeated or divided across the two sections, rather than a single continuous image.

Item shown at 20% actual size when viewed on A4 paper

BRANDING Supacolour

Max branding area 40 x 840mm
